WOMAN REFUSES

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky-"I think if more suffering women would take Lydin E. Pirkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do

not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkhum's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my housework and take long walks. I never fall to praise Lydia E. Pinkham's Vegetable Compound for my good health," - Mrs. J. M. Risson, 1900 West Broadway, Louisville, Ky.

Since we guarantee that all testime niais which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner I

United If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable

Write to Lydia E. Pinkham Medicine Co., (confidential) Lyan, Mass. Your letter wil be opened, read and answered by a woman and beld in strict confidence.

How She Cured Her Husband

"For five years my husband suffered with his stomach. The medicine he took only gave relief for a while, nothing cured, writes Mrs.

Sarah Baker of Not-tinghill, Mo. "Our merchant bought some of Chamberlain's medicines last fall and also received some free trial samples of Chamber-lain's Stomach and Liver Tablets. gave us some of them and I wanted my his-band to try them. He said it would do no good. His stomach had been troubling him worse than ever. At last on Friday I not take those tableta I was going to send for

a doctor, and he said he would take them. By Monday he was like another man. The blues were gone, no more trouble with his stomach, and the best part is that the trouble has not returned. I cannot praise Chamber-

THE BIG JOB

Another Talk to Forward Looking Men

Do you realize what a demand there is at this moment for Trained Men?

Do you realize how far short the supply falls of meeting that demand?

The scarcity of properly trained men, of experts, is a serious problem in nearly every branch of industry. It is holding down production, it stands as a barrier to the fullest efficiency. As a consequence the manufacturer is ready to pay almost any amount within reason, if he can find the right man.

Now here is where the problem fits your case—that of the young man who has reached the point of choosing the right career, or the man who realizes that he is in the wrong niche, or the man who realizes that he is not getting ahead as he should. To "begin at the bottom" means losing valuable years in chudgery-years in which you see the

other fellows stepping in above you and occupying the big positions simply because they are better trained than you are.

If you want to be the one to get the Big Job, there are two things you must do at once, First, select the right vocation; Second, train yourself to know some branch of some useful business

The first is no light task. You need counsel. And that brings us to the main reason for this talk in the Morning Journal.

We invite you to participate in the advantages provided by the Vocational Service of the International Correspondence Schools here at Scranton, Pa. Let us make a thorough analysis of your business problem. It will cost you not a cent to get the

benefit of our long experience in fitting the right job to the right man. We are amply repaid for our services in this department by the relations established with men, some of whom ultimately find that they can profit by taking one or more of the I. C. S. courses.

This brings us to point number two. But only a word on that subject here. The International Correspondence Schools is the largest institution in this country for the technical and industrial training of meaby mail in their own homes.

We hope to have the opportunity of describing to you this wonderful system. But first consult out Vocational Service. Send for particulars without placing yourself under any obligation whatever. State your problem fully and see if our Vocational Service does not help to solve the greatest single

problem any man has to face in al! his career. Write today and you will hear from us-straight.

Mention the Morning Journal and address I. C. S. Vocational Bureau, Scranton, Pa., P. O. B. 1024.

THOMAS J. FOSTER, President.
